nue fusion²⁰⁰ microcurrent face 600 microcurrent face + body

skin for life world leading technology gives you the tools to consistently achieve results on any skin, face + body. unique **precision engineering research** provides the combination of micro + macro currents through skin for life's **exclusive** alternating polarity system. our **incremental** adjustable voltage selector delivers **precise electrical current**. microcurrent triggers a myofibril reaction that contracts muscles while enhancing production of natural collagen + elastin by increasing blood flow to elevate oxygen levels in the dermis + epidermis. the **nue fusion 200** + 600 uses low level electrical current + advanced wave forms that work in synergy with the body's own biological current. **nue fusion** utilizes gradual power levels to effectively amplify the skins own rejuvenating abilities to strengthen the muscles and bring more definition to the face. 10 unique programs customized for your client to reach optimal youthfulness + vitality. give yourself a point of difference and superior results by synergistically combining **nue fusion** with skin for life's micro **oxygen infusion** system
